

Falcon Electronics, Inc. Capabilities Statement

Falcon is a NMSDC certified SDB (Small Disadvantaged Business), AS9120 REV A quality certified authorized distributor. Specializing in the military, aerospace and space markets and only supplying authorized / franchised OCM lines requirements and terms of our customers. Falcon has over a decade of experience supporting U.S. Defense primes with a very good understanding of their needs, technical requirements and terms & conditions. We understand the cost associated with every transaction and work efficiently to meet all expectations.

Our Largest OCM is Microsemi, but we have 13 other authorized OCMs on our line card (see separate attachment).
