SEMTECH

Semtech Corporation

Power Discretes including Half Wave Discrete Rectifiers, Half Wave High Current Assemblies, Single Phase Full Wave Bridge Assemblies, Three Phase Full Wave Bridge, Center Tap and Doubler Assemblies, Half Wave High Voltage Assemblies, Single Phase Center Tap and Doubler Assemblies, TVS Rectifiers & High Voltage Capacitors. Semtech also offers Power Management, Protection, Advanced Communication, Test & Measurement and Wireless Sensing products.

SMART
Modular Technologies

Smart Modular Technologies

Industrial-Grade and Industrial-Temp SLC Flash SSDs including embedded USB (eUSB), embedded SATA (iSATA and uSATA) and mini-IDE drive form factors equipped with SATA, USB, PCIe and PATA interfaces; Compact Flash (CF), PC Card and Key Drive form factor flash products utilizing ATA, Linear, IDE, and USB technologies; DDR, DDR2, DDR3 and PC133 DRAM Memory Modules.
